TRAVEL EXPERIENCE

2. EXPERIENCIAL ACTIVITIES (per person)

BALI MUSEUM, Saltara – rates: 9,00 €

Modern science center housed in a beautiful eighteenth-century villa near Fano, the Bali Museum is a special place where science is spoken using science.

ROCCA DI SAN LEO, San Leo – rates: 9,00 €

Visit to the fortress and educational workshops. San Leo is located on the border between Marche and Romagna more than 500 meters high on a huge rock. At the top of the spur stands the ancient medieval fort, which in the Renaissance period was the architect Francesco di Giorgio Martini by order of Frederick III of Montefeltro. The stronghold, located in a strategic position from the point of view military, assumed importance especially from the year 1000, when it was chosen as the seat of the family by the Montefeltro family.

MATEUREKA, Pennabilli – rate: 6,00 €

Museum and educational workshops. Mateureka preserves the memory of inventions and ideas that have made great the history of calculus and mathematics. On the four floors of the ancient town hall an engaging journey through this fascinating adventure of the mind: important archaeological finds, ancient calculation tools and mathematical texts. Exciting workshop rooms where, playing, you experiment the concepts and ideas of mathematics. The museum has mainly didactic purposes and wants to arouse in the visitor the desire to deepen the knowledge and to climb the wonderful tree of mathematics.

CORTE DELLA MINIERA, Urbino – rate: from 10,00 to 20,00 €

International Press Museum, Educational and laboratory activities (ceramics laboratories, printing, chalcography, lithography, herbal medicine, etc.) Museumgraphia. A simple and original stay formula: an agriturismo born from the conversion of an ancient sulphur mine in the heart of the Marche countryside. Classrooms for workshops and large green areas for an experience in close contact with art, nature, in the name of sustainable tourism.
